I. ROLE OF THE PARISH FINANCE COUNCIL

A. DEFINITION

The Parish Finance Council is a consultative body of the Christian faithful established to advise the Pastor in matters pertaining to the financial affairs of the parish. The Council's function is to assist the Pastor in the prudent planning and administering of all parish financial matters and in the setting of policy and procedure to provide effective management of parish assets.

Canon 537 of the 1983 Code of Canon Law requires the creation of a Parish Finance Council, placing in it the competence to advise the pastor in the administration of parish temporalities.

In fulfilling its responsibilities, the Parish Finance Council must be directed by the values of the Gospel as well as by good business practice. Efficient and effective use and management of parish resources must be measured as much by their contribution to parish mission and ministry as by commonly accepted business standards.

B. COMPETENCE OF THE PARISH FINANCE COUNCIL

The Pastor has authority from the Bishop and the universal law of the Church to decide and act on behalf of the Parish (Canon #532). The Parish Finance Council works closely with the pastor and is a consultative body that assists the pastor in fulfilling his responsibilities. While the Parish Finance Council is not a decision making body, there are instances where its consultation is required.

For the Parish Finance Council to fulfill its mission, it must have access to the financial information which it will need for its deliberations including parish financial accounts, balances, income and expenditure statistics and other matters related to the financial status and operation of the parish. Such information must be received and given in a spirit of confidentiality and prudence.

Although the pastor is not obligated to follow the counsel of the Parish Finance Council, the pastor should not act against such advice, especially when there is consensus, unless there is an overriding reason. When acting contrary to its counsel, the pastor should provide an explanation to the Parish Finance Council regarding the reasons for his decision.

The Parish Finance Council can be of great service to both the Pastor/Administrator and the parish by seeking the guidance of the Holy Spirit and acting in their advisor capacity in a true spirit of Christian community.

Honor, personal accountability and an understanding of the mission of today's Church and his/her parish are as important to the Parish Finance Council member as are efficiency and effectiveness. It must be remembered that this work is that of the Lord.

This is not to be interpreted to mean that a parish should not strive to become more business like in its management of resources. The Pastor/Administrator, staff and Parish Finance Council must find the balance that best combines a sense of mission with a sense of business.

V. AGENDA PREPARATION

The Pastor, the First Officer and Business Manager shall prepare the agenda.

A possible format may be:

6. New Business
7. Closing Prayer

The opening prayer for this and all committee meetings should not be one that only reminds us of our obligation to do all in His name. Rather, this period should be one of reflection where each member is able to reflect prayerfully, even quietly, and seek the guidance of the Lord.

Because we are Church and because each committee functions on behalf of the parish, it is essential that the core, root and focus of our activities be in prayer and in recognition of His will for the parish.
